Dear relation,

It has been a while since we have been in contact but I would like to update you on the following matters:

We, DecoRad<sup>®</sup> Systems bv, do not want to pretend we have found the ultimate solution to reduce drying and curing times. We are fully confident we have developed handy equipment and supplies to further reduce unnecessary drying and curing times of paints, coatings, repair compounds, and floor coatings. Use of DecoRad<sup>®</sup> equipment will help to save costs, improves durability and will increase the service-level towards end-customers.

### Products

Three ready to market products (manufactured by Nedap - Dutch stock-listed company)

DecoRad<sup>®</sup> Handmate: a great tool for smaller work. [Read more...](#)

DecoRad<sup>®</sup> Automate: the ultimate tool for repetitive work. [Read more...](#)

DecoRad<sup>®</sup> Floormate: instantly cures floor coatings (different types of floors) up to 250 square meters. [Read more...](#)

### Users

There are hundreds of users already, please also read their testimonials.

### Education

The technique of accelerated drying and curing has not gone by unnoticed at various training facilities in the Netherlands. Prospective and present painters are getting taught how to apply DecoRad<sup>®</sup> in practice.

[Read more...](#)

DecoRad<sup>®</sup> Systems bv is the ideal (knowledge) partner when it comes to accelerated drying and curing. With many years of experience we are very active throughout the whole chain; from raw material supplier to end-user both in decorative paint and flooring. DecoRad<sup>®</sup> Systems bv is not only an equipment supplier; we are able to support with the development of UV-curable coatings, we can offer instruction and education and cooperate in having a successful joint market approach.

If you are interested in what DecoRad<sup>®</sup> can do for you? Please watch our short movie to convince yourself about the possibilities and also visit [www.decorad.com](http://www.decorad.com)

Kind regards,

The team of DecoRad<sup>®</sup> Systems bv
